## OFFICE OF LEGISLATIVE COUNSEL

Tuesday - 20 June 1972

3. [ ] Met with Mr. Robert Lockhart, Assistant Counsel, House Post Office and Civil Service Committee, who told me that the Manpower Subcommittee cancelled last week and this week's meetings for consideration of the draft bill proposed by the Committee staff on Federal Executive Service (FES). The next meeting of the Manpower Subcommittee is scheduled for Thursday, 29 June. Mr. Lockhart noted that the FES bill reported by Senate Post Office and Civil Service Committee is poorly drafted and that the use of presidential authority to grant exemptions under the Act may well create more problems than it solves. Were the two bills to pass in their present form, Mr. Lockhart sees no question but that the House bill would be accepted in conference. The draft House bill has been closely coordinated with the Civil Service Commission and Mr. Seymour Berlin's office and although it does not contain everything that the Commission desires, the provisions set forth in the bill are acceptable to the Commission. Mr. Lockhart noted again that he had our Agency comments on the original bill in front of him at the time this bill was drafted. He eliminated those sections that we found objectionable in the earlier bill. I thanked Mr. Lockhart for his advice and told him I would be back in touch with him.

[ ] I agreed to come by and talk to him tomorrow afternoon at 2:00 p.m. on this subject.

5. [ ] Accompanied the Director and Messrs. Steininger, Bruce Clarke and [ ] in an appearance before the Senate Foreign Relations Committee. See Memo for Record and transcript.

6. [ ] Met briefly with Ed Braswell, Chief Counsel, Senate Armed Services Committee, and left with him a draft of our proposed report to the Senate Committee on Government Operations on S. 3529, a bill which would establish certain reporting requirements for the various committees and commissions of Government departments and agencies. I asked Braswell if he would take a look at this at his earliest opportunity and let us know if he had any reservations or comments about it.

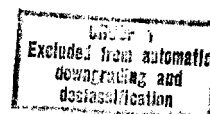

7. [ ] Met with Charles Kendrick and Cheryl Klein, in Senator Dominick's office, on the Senator's amendment to strike section 515 of S. 3390, Foreign Assistance Authorization bill. They informed me the Senator introduced the amendment, No. 1257, this morning and had sent a "Dear Colleague" letter to more than half the members of the Senate. They gave me copies of the letter, the amendment, and the draft of the Senator's statement on the amendment which he will use when it is called up. They said it appears now it will be called up Thursday afternoon or possibly later and they would let me know when an agreement has been reached on the date and time allotted for debate.

9. [ ] Met with Bill Woodruff, Counsel, Senate Appropriations Committee, and left with him copies of the exchange of correspondence between Senator Proxmire and AID Administrator Hannah [ ]

I also mentioned to Woodruff we had drafted a report on S. 3529 having to do with Government committees and commissions and told him I would drop a copy off for him to take a look at.

I asked Woodruff when he expected the Committee to make final decisions on the intelligence community budget. He said not until late in July, adding that they will know about a week before the House committee reports the bill out what cuts the House will make and the Senate Committee will then make its decisions. This information has been passed on to [ ] IC.

10. [ ] Called Ed Braswell, Chief Counsel, Senate Armed Services Committee, to give him the number of Senator Dominick's amendment and the latest information as to when it would be called up. Braswell said that because of a heavy Committee schedule Senator Stennis might not be able to get to the floor when the amendment is called up, therefore he might decide to make a statement on the amendment some time tomorrow.

11. [redacted] Mr. Critchfield advised that he met with Senator Jackson and staff members William Van Ness and Grenville Garside to discuss Middle East oil situation and other world energy developments. He said the session went well and involved no information of a sensitive nature. He said it was possible, however, we might receive followup contacts from Van Ness or Garside (who will be the staff man handling Jackson's Interior and Insular Affairs Committee hearings on this subject) for further information, much of which is available from OER. I said there was no indication Senator Jackson intends to involve the Agency in any formal proceedings on this topic.

15. [redacted] In response to his earlier call and based upon the advice of [redacted] FBIS, I called Jim Cromwell, Administrative Assistant to Representative Jack Kemp (R., N. Y.), who is interested in recent statements by North Vietnamese leaders quoting U. S. domestic dissent on the prisoner of war problem for use by Mr. Kemp on the House floor tomorrow. I told Cromwell there were no such recent statements on North Vietnamese media but referred him to the Department of State explaining that such statements may normally be made by North Vietnamese representatives at Paris at press conferences. I also suggested he contact Dr. Thach, House Internal Security Committee staff, who has done research in a related area in connection with hearings by that Committee.
